

MOHAMMAD SHEIKHO

IT Engineer

Damascus, Syria | +963 996 040 284 | mohsh6495@gmail.com

SUMMARY

Information Technology Engineering graduate specializing in Artificial Intelligence, with hands-on experience developing backend applications using PHP, Laravel, RESTful APIs, and MySQL. Skilled in database design, MVC, OOP, Git, and API development, with additional experience in Python, machine learning, and computer vision.

SKILLS

Languages: PHP, Python, JavaScript, Dart, SQL

Frameworks & Tools: Laravel, FastAPI, Flutter, Git, GitHub, Postman

Databases: MySQL, Eloquent ORM, Relational Database Design, Laravel Migrations

Backend & Other: RESTful APIs, MVC, OOP, Debugging, AI, Computer Vision

EXPERIENCE

Backend Development Trainee | GetAlphaBit Aug 2026 - Present

- Developing backend applications using PHP, Laravel, REST APIs, and MySQL.
- Building practical Laravel projects using MVC architecture and OOP principles.
- Using Git for version control while practicing debugging and collaborative development workflows.

PROJECTS

Smart Parking Sep 2025 - Dec 2025

- Developed Laravel REST APIs and a relational MySQL database for a smart parking application.
- Trained a YOLOv8 object detection model on a custom-annotated dataset for parking violation detection.
- Integrated YOLOv8 with Laravel to automate violation detection and trigger admin alerts.

Digital Government Platform Feb 2025 - Jun 2025

- Developed Laravel REST APIs and a MySQL database for a digital government services platform.
- Engineered a multi-step property transfer workflow with structured status management.
- Built an Arabic admin dashboard and integrated a TimeSformer-based AI service.

EDUCATION

Bachelor's Degree in Information Technology Engineering

University of Qalamoun, Syria | 2021 - 2026

Specialization: Artificial Intelligence | GPA: 3.17 / 4.00
